Typhoid fever	2	Malaria	1
La grippe	1	Total number of deaths from all causes	100
Glanders	1		

Reports from Havana and Batabano—A death from glanders at Havana.

HAVANA, CUBA, *January 1, 1902.*

SIR: I have the honor to submit the following report of the transactions of the first quarantine district of the island of Cuba for the week ended December 28, 1901.

On the 22d there was a death from glanders at Las Animas hospital.

The Spanish brigantine *Viajero* arrived on the 27th from Rosario, Argentina, with a cargo of jerked beef. As this vessel was not provided with a certificate showing the ports at which cargo was obtained, she was remanded to the *Sanator* for disinfection to kill rats.

Batabano.—Acting Asst. Surg. Jose M. Campos reports having inspected 3 vessels on arrival, and issued bills of health to 4 vessels.

I inclose the usual mortuary and other reports for the week.

Respectfully, A. H. GLENNAN,
Surgeon, U. S. M. H. S.
Chief Quarantine Officer for the island of Cuba.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

[Inclosure.]
